

## **Address Book**

Departed on my life's journey  
I promise to keep in touch  
Take names and all addresses  
A letter once a month should be enough

One day a month is set aside  
To scribe to family one and all  
Diligent in duty I write  
Of my adventures "having a ball!"

Out goes a lot, but not much back  
Correspondence slows in stages  
Addresses crossed out, never used again  
And an address book with empty pages.
