

Time Pause

Tracks of time stretch out in a line
Those lines cross over and merge, entwine
Sometime they run years all side by side
Then head off and form a gap so wide
Friends aboard the lines of time
Share life and laughs and thoughts sublime
The lines then part and breaks the link
For friends that time, relatively gone in a blink

Years and years of time wide apart
Lost lines and memories joined only at the heart
Life's lived out along their lines
Then fate brings back without reason or rhyme
The lines head back to cross and bind
Bring hearts back close and refresh the minds
Link, touch and bond with loud applause
Fill up that gap from when time was paused

Sub note:

Those times when you meet up with someone you haven't seen
For a long time and within 5 mins it's like you have never been apart
